Gamlingay Parish Council Action Plan Introduction

Parish Councils are an essential part of the structure of local democracy and have a vital role in acting on behalf of the communities they represent. They also have the power to raise money through taxation, the precept, which is the parish council's share of the council tax. Gamlingay Parish Council will publish its action plan annually in March for the forthcoming financial year drawn from matters identified within Parish Council meetings.

Gamlingay Parish Councillors have considered the aims of the council for the year ahead and produced a summarised Action Plan which details the key objectives it hopes to achieve during the year. This is a working document and subject to change
