Councillors discussed description of application and was concerned by the description as a 'garage'. Window at first floor overlooking neighbouring property. CS stated concern about privacy from his own experience. Agent advised the window could be obscured but needed to be large as a fire escape route. WB concerned about the change of use of paddock to garden land, further encroaching on 'open countryside'. The application includes ancillary rooms, with downstairs toilet at some distance from main dwelling. It was agreed that the description of the application is inaccurate. CS window overlooks neighbours, building too far back beyond building line. Agent raised issue of previous resolutions relating to other applications for annexes. Clerk outlined the options for resolution- **Resolved to refuse application**, concerns are material considerations of harm to neighbours' privacy and amenity, proposed building and garden land jutting into open countryside. 3 Members of the public left the meeting. 1 Member of the public arrived at the meeting.
